

## **Walee Financial Services' Hakeem Wins Singapore FinTech Festival Excellence Award for Emerging Fintech Products**

*Historic Win for Pakistan's Fintech Sector as Hakeem's Pioneering Islamic Nano-Financing Solution Garner's Global Recognition*

**Singapore, November 7, 2024** – Walee Financial Services proudly announces that its groundbreaking fintech product, **Hakeem**, has won the **Emerging FinTech Award** at the 2024 Singapore FinTech Festival (SFF) Excellence Awards. Presented by the Monetary Authority of Singapore (MAS) in collaboration with PwC Singapore and the Singapore FinTech Association (SFA), this honor spotlights Hakeem as a transformative force for financial inclusion through its innovative, ethical approach to nano-financing.

As Pakistan's only representative among a distinguished pool of global finalists, Hakeem's recognition is a milestone for the country's fintech industry and underscores its potential on the global stage. **Hakeem is the world's first Shariah-compliant nano-financing app**, uniquely designed to empower underserved communities with ethical, accessible financial solutions. Built on a Shariah-compliant trading model, Hakeem provides individuals with financial opportunities that respect their values, establishing a pathway to financial empowerment that is both inclusive and responsible.

"Winning the Emerging FinTech Award at the Singapore FinTech Festival is a proud achievement for Walee Financial Services and for Pakistan," said Noshad Minhas, CEO of Walee Financial Services. "This award affirms our mission to provide impactful, Shariah-compliant financial solutions that promote financial empowerment and inclusion." said Waqas Ramzan who is Head of Operations at Hakeem. "Hakeem is more than a product—it's our promise to build financial independence and dignity for those that need it most." added Khushba Hayat who is Partner, Investments at Walee Financial Services.
